

Analyst

Walimai (walimai.com / wacoin.io)

Shanghai, China

Walimai is building a retail hyper-channel for authentic, safe consumer products. To accomplish this, we've developed and implemented banking-level anti-counterfeit technology. Using this technology, we aim to turn consumer products into a comprehensive IoT network over the coming years.

As an Analyst, you will be responsible for market research and data analytics, with a goal of real world application. This means coming up with astute triangulations, the swift clarification and structuring of data, and more, as opposed to writing lengthy analyses using statistical tools. We need a candidate who is sharp in a practical manner i.e. able to estimate in 5 different ways the number of leaves on a tree or calculating the global demand for light bulbs.

What is needed from you:

- Maths / Philosophy / Physics / Engineering / Linguistics / Psychology / highly technical degree grads.
- Fighter's spirit – start-up-ready mindset.
- Eagerness to learn / adapt and the ability to do that fast.
- Interest in retail and consumer trends in China.
- Blockchain / e-commerce / coding / UI design knowledge or experience is a plus.
- Fluent in both written and oral English. Fluent Mandarin Chinese is a big advantage.

What Walimai offers:

- Market rate salary and bonus potential.
- Grow with the company: upside pool participation.
- Comfortable, open work environment in Shanghai.
- Freedom to stand out, grow, and be vital to the company.

Please send your CV and a short cover letter to jobs@walimai.com for consideration.
