

Full-Stack Developer Position

Walimai (walimai.com / wacoin.io)

Shanghai, China

Walimai is building a retail hyper-channel for authentic, safe consumer products. To accomplish this, we've developed and implemented banking-level anti-counterfeit technology. Using this technology, we aim to turn consumer products into a comprehensive IoT network over the coming years.

As our Full-Stack Developer, you will work in tandem with our Product Manager to architect and build the product(s) we provide brands and consumers. You will be responsible for delivering high-quality code with confidence, adhering to development deadlines, and ensuring a minimal amount of bugs in the end product. Suitable candidates will be able to grow in the company to the position of Team Lead / CTO.

Minimum qualifications:

- Programming experience in Node.js.
- Experience in mobile applications and/or web development (front end & back end).
- Ability to efficiently turn feature descriptions into simple architecture.
- Adaptable to new approaches, frameworks, and programming languages.
- Fluent in both Mandarin and English.

What Walimai offers:

- Market rate salary and bonus potential.
- Grow with the company: upside pool participation.
- Comfortable, open work environment in Shanghai.
- Freedom to stand out, grow, and be vital to the company.

Please send your CV and a short cover letter to jobs@walimai.com for consideration.
